

## Zonar Summer Storage

Prolonged exposure to the summer heat in vehicles can adversely affect the batteries in the 2010 handheld, drastically diminishing the lifespan and charge level.

To avoid this problem, here are some summer tips that will help protect your Zonar equipment so you can hit the ground running when school starts again in the fall.

### Equipment

#### 2010 Handheld

	<ul style="list-style-type: none"> <li>Download all unsent reports via:           <ul style="list-style-type: none"> <li>- RVM</li> <li>- RDS</li> <li>- EVIRNET GSM</li> <li>- GPS GSM</li> </ul> </li> </ul>
	<ul style="list-style-type: none"> <li>Inspect 2010 handheld for defects and damage (LCD screen, plastic, and connector). If needed, clean plastic body with Formula 409 to remove grease and dirt, and use rubbing alcohol (or isopropyl) to clean the connectors.</li> </ul>
	<ul style="list-style-type: none"> <li>Store 2010 handhelds in 10xChargers out of the heat of summer to keep the batteries in peak condition and ready for use when school starts. <b>DO NOT</b> leave handhelds in vehicles for long periods of time over the summer.</li> </ul> <p><b>Note:</b> You may purchase 10xChargers by contacting your sales representative or Zonar Systems Inc. at 877.843.3847 or <a href="mailto:support@zonarsystems.com">support@zonarsystems.com</a>.</p>

#### GPS VM

	<ul style="list-style-type: none"> <li>Inspect for damage, debris, dirt, etc.</li> <li>Clean if needed (Formula 409 for plastic and rubbing alcohol or isopropyl for the connector).</li> </ul> <p><b>Note:</b> Don't forget to check and clean the connector to ensure good contact with 2010 handheld.</p>

If there are any issues with the equipment, please contact Zonar Systems Support for further support or other troubleshooting tips.

## Ground Traffic Control (website)

After **June 30<sup>th</sup>**, we will be archiving your data for the previous year. Please close out all open defects on vehicles that are being sold or no longer in service before June 30<sup>th</sup> to ensure proper archiving.

**⚠ Warning:** Any asset with open unresolved defects before June 30<sup>th</sup> will NOT be archived this year. This means that the asset will not have the ability to be deleted until the next archive.

**⚠ Warning:** Any reports that have failed to load will not be archived for the year. These reports will stay on the website and will not be deleted.

After we have confirmed delivery of your archive disks, you will be able to delete:

- Assets that have been sold or otherwise removed from the site
- Assets that need to be deleted for any other reason
- Drivers who have been revoked
- Drivers that need to be deleted for any other reason
