FUEL TAX REPORTING SOLUTIONS

Zonar combines with TCH's DriveLine Fuel Tax service to provide IFTA, IRP, and individual state fuel tax reporting solutions that are both powerful and easy to use. Utilizing the HD-GPS mileage and fuel consumption data captured by Zonar's V2J™ telematics platform, DriveLine saves you time and money by having your tax reports ready to review and file.

FEATURES AND BENEFITS

Our tax solutions offer precise data documentation and full service reports providing fleets with new operational efficiencies and accuracy.

- **Eliminate Hassle** - Reduce time and paper needed to enter fuel and trip mileage information.
- **Improve Accuracy** - Mileage and fuel consumption data is accurately captured and reported in real-time, all the time.
- **Increase Efficiency** - Advanced reporting tools make it easier to understand and manage your tax reporting and filing process.
- **Reduce Risk** - Questionable data points are highlighted and presented to you for review and approval before reports are filed.
- **Audit Support** - Knowledgeable professionals work side-by-side with customers to offer support during audit situations.
