## ELECTRONIC FLEET MANAGEMENT FOR PUPIL TRANSPORTATION

### NEW LEVELS OF SAFETY, SERVICE & SECURITY

For school districts to meet their educational objectives, students must be transported safely and on time. It is a lot harder than it seems. It's not just a logistical challenge - keeping the buses, drivers and students on the move - it's also a communication, cost and compliance challenge.

- **Safety** - Ensure pre- and post-trip inspections are performed accurately and benefits result.
- **Service** - Change the customer service equation with real-time data to answer questions.
- **Security** - Locate the bus, driver and student cost-effectively when and wherever needed.

### EVIR® PRE- AND POST-TRIP INSPECTIONS KEEP THE BUSES ROLLING

Customers tell us good inspections mean fewer vehicle breakdowns, in-yard delays and unplanned events. That's why Zonar created EVIR, to improve and verify the entire pre- and post-trip inspection process.

EVIR is easy to use, accurate, captures powerful new fleet performance data and speeds vehicle repairs. These are some of the many reasons Zonar products are recommended by the National Association for Pupil Transportation.

- **One-of-a-Kind** - Only verified visual inspection system available.
- **Child-Checks** - No child is left on a bus.
- **Ridership** - Students are identified and counted entering and exiting the bus.
- **Ground Traffic Control** - Part of a comprehensive fleet management solution for pupil transportation.

EVIR complies with all DOT-mandated pre- and post-trip vehicle inspection regulations, as well as OSHA and MSHA equipment inspection requirements and TSA visual security sweeps.

### ZONAR CHANGES THE CUSTOMER SERVICE EQUATION

What is the one question parents and administrators ask more than any other? "Where is the bus?" With Zonar, answers are accurate and instant. However, questions come from a lot of places and department-to-department communications benefit from the same instant answer capabilities.

- **Drivers and Technicians** - Defects are reported automatically and legibly, speeding repairs.
- **Administrators and Districts** - Fact-based data makes performance and economic metrics accurate.
- **Transportation and Principals** - Can "self-serve" because the data is accurate and so easy to use.

### UNMATCHED CAPABILITIES, SURPRISINGLY AFFORDABLE

What is remarkable is that all these capabilities and the impressive benefits they deliver are surprisingly affordable. That's why Zonar has become the industry standard and best practice for fleets large and small. It pays to have Zonar as your fleet management partner.

"Zonar has proven itself to be a valuable partner, providing a unique solution that enables us to support our primary business objective of delivering the highest level of safety and security to our customers and the four million students we transport to and from school each day."

**Gary Catapano**  
Senior VP, Safety  
First Student

## APPLICABLE PRODUCTS

**EVIR® - ELECTRONIC VEHICLE INSPECTION REPORT**

- Automates and verifies inspections, easily
- Improves maintenance and speeds repairs, measurably
- Drivers like it, really

**V2J™ - HIGH-DEFINITION GPS + VEHICLE DIAGNOSTICS SYSTEM**

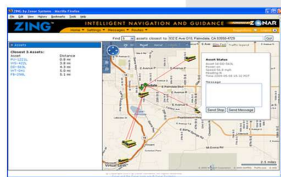

- Next generation GPS + real-time vehicle diagnostics
- All in one device equips new + older vehicles
- Operations improvements + preventive maintenance

**GROUND TRAFFIC CONTROL™ - WEB-BASED DATA MANAGEMENT SOFTWARE**

- Real-time visibility into operations from anywhere
- Instant alerts provided with web-based solution
- Idle time and fuel costs reduced for big savings

**ZPass™ - RIDERSHIP TRACKING SYSTEM**

- Unique RFID card-based system ensures accuracy
- Performs without impeding normal loading process
- Only web-based solution is easy and affordable

**ZING™ - ZONAR INTELLIGENT NAVIGATION & GUIDANCE**

- Dispatch and route management software
- Two-way messaging
- Garmin® interface

"As new users of Zonar, we are very pleased with the immediate, positive effects it has had upon our operations. Bus inspections are being conducted effectively, maintenance staff is immediately aware of problems and customer service and safe driving have improved. My office staff loves having so much information at their fingertips! And customer support from the Zonar team has been outstanding."

**John Lang**  
Area Manager  
Baltimore County Schools

**ZONAR: IT PAYS TO HAVE THE RIGHT FLEET MANAGEMENT PARTNER**

Zonar provides electronic fleet inspection, tracking and operations solutions for public and private fleets. Our products are effective, driven by customer satisfaction and affordable by design. We've made it our business to do right by our customers. **You will notice the difference.**
