ELECTRONIC FLEET MANAGEMENT FOR STATE & LOCAL FLEETS

DIVERSITY OF VEHICLES AND EQUIPMENT PRESENTS CHALLENGES

State and local governments operate and maintain a diverse range of vehicles and equipment. It's a minute-by-minute challenge to ensure pre- and post-trip inspections are performed accurately, know the location of all your vehicles and conduct repairs cost-effectively in a timely manner. Zonar's innovative products provide you with solutions to your diverse set of challenges.

FULL RANGE COVERAGE

- **Inspection and Repair** - Automates and improves many of the tasks your drivers and technicians still do manually.
- **Real-Time Vehicle Tracking and Diagnostics** - Ensures driver safety and efficiency and protects expensive equipment.
- **Intelligent Navigation and Guidance** - Improves route management and communications.
- **Customer Support** - Provides the kind of information you need, instantly, to answer questions and adjust routes.

TIME TO REMOVE COMPLEXITY AND COSTS

Zonar provides an entirely new way for fleets to experience measurable savings in the areas of vehicle maintenance, driver performance and regulatory compliance. Zonar's fleet management system provides the real-time data your team needs to

understand and manage your vehicles, equipment and workforce.

- **Eliminate Complexity** - By automating manual processes lingering in fleet operations.
- **Cut Costs** - By saving money already being spent.
- **Increase Capacity** - With next generation GPS and exception-based reporting and alerts.

FLEETS PERFORM BETTER ACROSS THE BOARD

Zonar has automated many of the tasks your drivers and technicians still do manually. Zonar offers the only Electronic Vehicle Inspection Report (EVIR®) system that verifies pre- and post-trip inspections are performed accurately. It is easy to use, identifies defects faster and more reliably and speeds vehicle repair. The savings are amazing.

- **Labor** - Time to perform required pre- and post-trip inspections is cut in half.
- **Utilization** - Automated defect reporting speeds repairs and reduces on-road breakdowns.
- **Compliance** - DOT audits are straightforward and compliance is as simple as standard reports.

A POWERFUL SUITE OF APPLICATIONS

Zonar provides a comprehensive fleet management system. It includes the groundbreaking EVIR, our next generation GPS platform and the web-based data management software Ground Traffic Control™.

- **Action vs. Reaction** - Affect outcomes with exception-based reporting and "right-time" alerts.
- **Communication** - Improve automatically between drivers, technicians, dispatchers and management.
- **Workforce Safety & Efficiency** - Optimized before, during and after vehicle/equipment use.

"One of the most amazing things about Zonar is the significant positive impact they are making to our bottom line, our operational efficiency and our ability to support the environment. Zonar really stands out from the crowd with their technology and superior customer service."
